

THE CANADIAN ASSOCIATION OF NORDIC SKI INSTRUCTORS

The Canadian Association of Nordic Ski Instructors (CANSI) is a non-profit organization designed to promote and advance the sport of Cross Country and Telemark skiing in Canada through the provision of high quality instruction.

CANSI offers four levels of certification in cross country techniques and three in Telemark.

Membership

All successful course participants receive *Professional* membership for the season in which they took the course. Professional membership is maintained by paying the annual dues and successfully completing a refresher course every three years.

Members who are unable to maintain their Professional membership are considered *Associate* members until they successfully complete a refresher. Members who have not refreshed and not paid their dues for a period of more than 3 years and less than 10 years, will be required to demonstrate their ability to ski at the standard to a course conductor.

CANSI's current membership year is from October 1, 2008 to September 30, 2009.

Additional details on membership categories and the benefits of membership are available on the web at <http://cansi.ca/en/membership/types.php>.
